SUBJECT: Purchase of Disk Pack - 725-0704
for Alternate Use

Due to recent problems with our Wang system 75-25-3T both the technicians and support analyst from Wang suggest we request a new removable disk pack. The request is being processed (6 September 1984 memorandum). Because the WP25T does not have a backup system I would like to request the purchase of a second Disk Pack 725-0704 to use as an alternate disk and as a result would not have the possibility of another "soft crash" and lost of documents.
